2012 Training Schedule

Architectural Metal Systems is committed to providing you the best training possible. This year we are pleased to offer CICP (Contractor Installation Certification Program).

The following is our schedule for 2012:

CICP (Contractor Installation Certification Program)

CICP's (Contractor Installation Certification Program) objective is to provide you, our Contractors, the training required to supervise the installation of products that qualify for the industry-leading extended weather-tightness warranty program offered by Architectural Metal Systems.

- January 18 – 20, 2012 – Eufaula, AL
- April 18 – 20, 2012 – Eufaula, AL
- July 18 – 20, 2012 – Eufaula, AL
- October 17 – 19, 2012 – Eufaula, AL

THE Training Track
CICP (Contractor Installation Certification Program)

CICP is all about a commitment to quality. The most important of this program is to provide your clients and customers with the highest quality products and services. This is why we have developed this program to ensure that you, our contractors, are qualified to supervise the installation of products that qualify for the industry-leading extended weather-tightness warranty program offered by Architectural Metal Systems.

Each year we offer a full day of training to qualified contractors. This training is designed to provide you with the knowledge and skills you need to supervise the installation of products that qualify for the industry-leading extended weather-tightness warranty program offered by Architectural Metal Systems.

Each year we offer a full day of training to qualified contractors. This training is designed to provide you with the knowledge and skills you need to supervise the installation of products that qualify for the industry-leading extended weather-tightness warranty program offered by Architectural Metal Systems.

HURRY!!!
In order to receive certification you must be participating in the program each year.

Space is limited to a limited number of contractor participants. CICP program requires the ability to sign a contract.

Don't Delay!

The classes we are offering have limited space, and availability is based on a first-come basis. You may also find training information on our website, www.ametalsystems.com. We look forward to your participation in our training programs and Building Tomorrow.

If you have any questions or need additional information please contact your Area Manager or Lucretia Johnson at 334.688.2348 or ljohnson@americanbuildings.com.
